- Please look interested in the games, do not lean on the boards. Please disallow any slide tackling. No jewelry what so ever is allowed on the field. Also, note please have the games running on time. One suggestion is to have the clock run at 22 minutes after the completion of the previous game. This will remind players how much time they have before the start of the game. Another suggestion is to set and start the clock at 21 minutes at halftime in order to have the teams return to the field in a timely manner.
