Educational – Video

We watched a film on the misconducts of the women's World Cup 1999. Obvious goal scoring opportunity is evaluated by the occurrence of all of the 4 D's (distance to goal, distance to ball, direction of play and number of defenders). The situations forced the referee into becoming a DWI referee (Deal With It).

- Also, please review the new position paper on severe weather.

Treasurer Report– We have \$4,800 in the account.

Secretary Report– I can officially buy liquor for the next RASO meeting without the assistance of an adult over the age of 21 years old.

Vice-Pres Report- RASO has purchased the rights for a new RASO logo for \$75. Dave showed off the new winterized gloves to the excited crowd. Thanks to all the referees that worked the Challenge Cup. Please, remember we have a clinic on Oct 26.
